

# LUXETOP™ M2+PLUSH

AIRELOOM®  
CALIFORNIA DESIGN · HANDMADE

## THE PATENTED AIRELOOM LIFT™

We've pioneered a natural chamber between the springs and the mattress-top that allows every element to breathe. When the chamber meets the layers of plush materials, the bed completely synchronizes with your body. It can only be described as a lift.

Hand tufted design

### FABRIC/QUILT

- Ultra-conforming knit with Tencel® and Phase Change material
- Silk/Wool fibers
- FR fibers
- Graphite visco
- Plush Convolted foam
- True-Stretch™ cotton backing

- Perimeter coil count:  
King 1,052 - Queen 842

### FOUNDATION

- Wood foundation
- 9" or 6" profile available
- Adjustable base friendly

### TENCEL® PANEL

Our ultra-conforming knit panel is made with breathable Tencel®. This panel is eco-friendly and incredibly soft to the touch.

### SILK/WOOL

A breathable blend of natural fibers to provide airflow keeps the body cool and dry for lasting comfort.

### GRAPHITE VISCO

Plush memory foam with graphite maintains temperature regulation and wicks away moisture.

### TERRAPUR™ LATEX

This hypoallergenic foam has an open cell structure that allows ventilation and even heat distribution.

### FIGURE-SYNC™ COILS

17 gauge micro coils increases coil count and brings support to the comfort layers.

### COTTON

Eight pounds of pure, breathable cotton allows for natural airflow and softness.
