

LUXETOP™ M2+PLUSH

AIRELOOM®

CALIFORNIA DESIGN · HANDMADE

THE PATENTED AIRELOOM LIFT™

We've pioneered a natural chamber between the springs and the mattress-top that allows every element to breathe. When the chamber meets the layers of plush materials, the bed completely synchronizes with your body. It can only be described as a lift.

Hand tufted design

FABRIC/QUILT

- Ultra-conforming knit with Tencel® and Phase Change material
- Silk/Wool fibers
- FR fibers
- 3.5 lbs Graphite visco

TENCEL® PANEL

Our ultra-conforming knit panel is made with breathable Tencel®. This panel is eco-friendly and incredibly soft to the touch.

SILK/WOOL

A breathable blend of natural fibers to provide airflow keeps the body cool and dry for lasting comfort.

GRAPHITE VISCO

Plush memory foam with graphite maintains temperature regulation and wicks away moisture.

TERRAPUR™ LATEX

This hypoallergenic foam has an open cell structure that allows ventilation and even heat distribution.

FIGURE-SYNC™ COILS

17 gauge micro coils increases coil count and brings support to the comfort layers.

COTTON

Eight pounds of pure, breathable cotton allows for natural airflow and softness.
